About Kay Park

For over 70 years, Kay Park Recreation has been the trusted name in commercial-grade outdoor furniture and site furnishings, proudly supporting parks, cities, schools, and recreational spaces nationwide. From picnic tables and grills to bleacher systems and pedal boats, our diverse product line is designed to deliver durable, functional solutions that meet the demands of your outdoor spaces.

At Kay Park, we manufacture products and craft complete solutions to bring your vision to life. Whether it's a bustling city park, a serene campground, or a vibrant ball field, we tailor our offerings to meet your unique needs. Every product has been built with precision, quality, and care for years, ensuring exceptional durability, functionality, and comfort. By combining innovative designs, advanced manufacturing techniques, and premium materials, we guarantee products that enhance outdoor spaces while standing up to the elements. From idea to installation, we're here to support you every step of the way.

As a family-owned business with deep roots in American manufacturing, we are committed to sustainability and supporting local communities. Our facilities are now 100% solar-powered, reflecting our dedication to eco-friendly practices. We ensure our products are environmentally responsible and long-lasting using recycled materials, energy-efficient processes, and powder-coated finishes that reduce environmental impact. When you choose Kay Park, you choose high-quality, American-made craftsmanship that supports a greener future while providing exceptional value.

At Kay Park, we understand that every space is unique. We're here to help you design outdoor environments that are welcoming, functional, and built to last. From inviting and safe picnic areas to highway-towable bleachers, our products are designed to ask people to stay, connect, and enjoy.

Every decision we make—selecting materials or refining designs—comes back to one guiding question: “Is this the best solution for our customers?” For us, “good enough” has never been good enough. From our founder Keith Borglum to today, we've been committed to creating enduring products. The next time you purchase from us, you'll be excited to explore new designs, not replace what didn't last.

For current products and specifications, please check our website.

Shade Covers

Bleacher Sun Shades

Keep patrons at your next event longer by shading them from the baking hot sun! Providing shade can reduce the temperature on the bleacher by nearly 20 degrees Fahrenheit and give fans up to 95% UV protection! Our shade fabric is woven, high-density polyethylene and is warranted for five years against failure due to rot, UV deterioration or faulty workmanship. The framework is top-quality powder coated steel. It comes with embedment poles and easy installation instructions. **(Surface mount poles are optional. Add 'SM' to the model number.)** Note: Shades are not designed for snow loads and must be removed in winter and when forecasted winds are over 75 mph. Standard colors below. Custom colors available.

Powder Coating Colors:

Shades for 10 Row Bleachers - 15', 21', or 27'

Model	Dim.	Typical Bleacher Dim.	Typical # of Occupants	Weight
BS2218	18' L x 22' D x 12' H	15' L x 20' W	100	480 Lbs
BS2422	24' L x 22' D x 12' H	21' L x 20' W	140	598 Lbs
BS3022	30' L x 22' D x 12' H	27' L x 20' W	180	651 Lbs

Shades for 5 Row Bleachers - 15', 21', or 27'

Model	Dim.	Typical Bleacher Dim.	Typical # of Occupants	Weight
BS1812	18' L x 12' D x 9' H	15' L x 9' W	50	355 Lbs
BS2412	24' L x 12' D x 9' H	21' L x 9' W	70	410 Lbs
BS3012	30' L x 12' D x 9' H	27' L x 9' W	90	500 Lbs

Dugout/Scorers Table Shade Covers

Offered to meet the increasing demand to provide shade to players to give them a break from the baking hot sun! Providing shade reduces the temperature in the dugout, gives them a break from harmful UV rays. Shade fabric is super- tough woven, high density polyethylene and is warranted for five years against failure due to rot, UV deterioration, or faulty workmanship. The framework is top-quality powder coated steel. It comes with poles for in-ground embedding as standard. **(Surface mount plate poles are optional. Add 'SM' to the model number.)** Note: Shades are not designed for snow loads and must be removed in winter and when and when forecasted winds are over 75 mph. Standard colors below. Custom colors available.

Recycled Plastic Benches

Windsor Select Lumbar Comfort Bench

The gentle curve of the lumbar comfort feels so good you will almost hear the sighs of relaxation. Slats are attached from the back side using stainless steel fasteners. Recycled plastic is UV protected and will maintain its good appearance for many years with little or no maintenance. Colors are Gray, Cedar, or Brown. Please specify when ordering. Recycled plastic is steel reinforced where needed to avoid sagging.

Landmark Series Bench with Back

Good for the environment! Not only do they save trees, but they also reduce landfill use! Our recycled plastic is colored with a unique UV process that adds an attractive wood grain appearance. It never needs to be sealed, painted, stained and will not rot. It is maintenance-free! It is also vandal-resistant. Pens and markers can be washed off and paint will not bond to the surface - it can be removed with sandpaper or a paint scraper. Scratches to the surface can easily be ironed or sanded away. These products are designed to give years and years of trouble free service, while keeping their nice appearance. Choose color when ordering.

JPAB5-PCBK-RP	5' Bench w/ 2 Legs	135 Lbs
JPAB6-PCBK-RP	6' Bench w/ 2 Legs	155 Lbs

Landmark Series Backless Bench

This bench is constructed using 2" x 4" recycled plastic slats, combined with a heavy-duty cast aluminum frame that is powder-coated for added durability. The stainless steel hardware ensures long-lasting strength, while the UV process gives the plastic a wood grain appearance. Designed to be maintenance-free, the bench requires no sealing, painting, or staining and will not rot. The frame is portable, though it includes holes in the legs for surface mounting. Additionally, the plastic is made from a minimum of 30% recycled material, with 100% post-consumer HDPE used in its construction.

Surface Mount Contour Bench

When you need a bench that can be easily converted to indoor or outdoor use, you need our popular counter bench. Perfectly designed with the human body in mind, the rolled steel used to create the bench is countered to support the glutes and back muscles. This bench is the best solution for those who need a little extra support while sitting and those who seek more overall comfort while resting. Choose from multiple lengths that fit your needs. Despite being so versatile, no maintenance is required to enjoy the benefits of this bench for years to come.

Strap Steel Square Planter

Each planter comes ready to use. So, all you and your team have to do is pick out what kinds of plants and soil you wish you have around the area. Unlike other planters, these steel versions are 100 percent portable. They can be moved throughout the area with ease. However, if you wish for them to stay put in one area, they come with steel legs that can be surface mounted. Better still, these steel planters are maintenance-free. They do not have to be painted or stained anytime in the future. The powder coat will last for years and years to come! Color options displayed on page 114.

Pickleball Systems

Pickleball Portable Set

This lightweight, portable pickleball set has a winning design and structure and can be set up and moved in as little as eight minutes! The portable pickleball net system provides ultimate stability as well as boasting a sleek appearance. This system is different than the other portable net systems due to the structure of the base poles as well as the tension system. The frame setup offers wide, bent legs which extend out farther than other systems. This provides a bit more stability and helps in particularly windy locations. The system also has a raised lateral bar that allows for balls to pass underneath as well as a center stabilizer for additional frame support.

- Bright Green Powder Coated Finish
- Net System measures 22 ft Long, 36" high on edges, 34" high in center
- Easy-Buckle Net Tension System keeps net rigid and at the proper height
- Nylon Carrying Case included with pockets for balls, rackets, and other accessories

DSPBPSCB Pickleball Portable Set w/Carry Bag 34 Lbs

Swift Portable Pickleball Set

The Swift Net comes in at only 14 lbs, making it is to take with you and set up quickly and easily. This unit allows precise regulation heights from their net. It has a unique locking system and supportive brace to keep it at the perfect 24" height in the center and 36" at the sidelines of the court. The net is made of high-tensile non-stretch cord keeping the net from sagging or requiring re-adjustment after weeks of use. With only five parts, the net can be easily moved and reassembled in 3 minutes.

- Regulation Height Net
- 14 lbs making it lightweight and easy to carry
- Unique net locking system
- Five parts for easy assembly and disassembly
- No sagging net

DSSPPBCB Swift Portable Pickleball Set w/Carry Bag 24 Lbs

Stationary Pickleball Posts

These popular round posts provide classic good looks and durability for either indoor or outdoor court applications. 54" in length and sit 36" above the court surface (In Ground only) 3" OD round post, 11 gauge steel.

- Black or green powder coat finish
- Integrated welded steel lacing rods
- Hardware internally wound featuring a self-locking gear mechanism
- Gears are plated steel
- Gear housings and caps made of cast aluminum alloy
- Flush mounted gear plate cover and removable handle are chrome-plated
- Corresponding 24" ground sleeves separate

DSPBRD Pickleball Post 36" H x 3" Round 56 Lbs
DSSTL3 Steel round sleeve 24" L x 3" OD 10 Lbs

SQ Pickleball Surface Mount Posts

Convert any tennis court to a pickleball court with these easy-to-install surface mount posts. They are 36" high with a heavy-duty bottom welded base plate to secure on existing playing surface.

Concrete Amenities

Concrete Sphere Bollard

Use concrete bollards to provide security and curb appeal value to residential and commercial settings. Choose from two sizes; 39" diameter or 52" diameter. Bollards are an aesthetically pleasing way to:

- Create boundaries between vehicular and pedestrian traffic.
- Provide a Barrier to keep vehicles from parking too close to your building.
- Enhance visibility for management
- Enhance borders to the landscape

All available textures and colors shown on page 114.

CBSPH39	39" W x 39" L x 42" H	3,950 Lbs
CBSPH52	52" W x 52" L x 51" H	6,560 Lbs

Concrete Ball Bollards

Concrete ball bollards are available in different sport balls for schools and sport facilities.

CBBB36	Baseball	36" W x 36" H	2,000 Lbs
CBSB36	Softball	36" W x 36" H	2,000 Lbs
CBFB21	Football	21" W x 42" H	700 Lbs
CBKT18	Basketball	36" W x 36" H	2,000 Lbs
CBSCR36	Soccerball	36" W x 36" H	2,000 Lbs
CBGB36	Golfball	36" W x 36" H	1,700 Lbs

Mounting Options:

Option A:

Bollard is precast with hollow core. Dimensions of this core are predetermined by the contractor, and need to be specified when placing the order. Existing pad, slab or sidewalk is cast with exposed vertical tubing or pipe to fit inside the core of the bollard. Before bollard is set on exposed tube. On the existing pad, epoxy, caulk, or other bonding agent is applied to core and/or vertical pipe for securing purposes. The bollard is then set in place.

Option B:

Bollard is precast with pipe or tube protruding from bottom of bollard. Dimensions of protruding pipe or tube are pre-determined by the contractor, and need to be specified when placing order. Existing pad, slab, or sidewalk is cast with sleeve correlating to protruding pipe on the bottom of the bollard. Before bollard is set, epoxy, caulk, or other bonding agent is applied to either the tube or the pipe, and/or applied to the sleeves in the existing pad. The bollard is then set in place.

Option C:

Bollard is precast with apre-determined number and pattern of inserts into the bottom of the bollard. Size and pattern of inserts are determined by the contractor and need to be specified when placing the order. The existing pad, slab or sidewalk is cast with sleeves correlating to the inserts in the bottom of the bollard. Threaded rod (included with purchase of bollard) are then screwed into the inserts in the bottom of the bollard. Epoxy, caulk, or bonding agent is applied to the rod and/or into the sleeves in the existing pad. and the bollard is set into place.

Concrete Amenities and Drinking Fountains

Concrete Handicap Bollard

Designate a handicap space and step up security around your facility with concrete Bollards. Bollards are an aesthetically pleasing way to:

- Create boundaries between vehicular and pedestrian traffic.
- Provide a Barrier to keep vehicles from parking too close to your building.
- Light Walkways to give nighttime pedestrians peace of mind.
- Enhance visibility for management
- Enhance borders to the landscape.

All available textures and colors shown on page 114.

Recycled Plastic Message Centers

Sliding Door Message Center

Our outdoor message centers are made from post-consumer waste plastic, using a crystal clear, high-impact acrylic glass window and is reinforced with steel ribs for maximum durability. These are great for indoor or outdoor use, with UV inhibitors that prevent colors from fading. Message centers are offered in three sizes: Small = 20" x 3.5" x 26", Medium = 36" x 3.5" x 26", Large = 51" x 3.5" x 36". Medium and large sizes are offered as two different models: single sided or double sided. Each unit can be purchased as wall mount or with reinforced mounting posts. Available in green or cedar.

Bleacher Feature Options

Design Standards

The bleachers shall be designed to support, in addition to their weight, a uniformly distributed live load of not less than 120 pounds per square foot of gross horizontal projection of the bleachers. All seat and foot plank members shall be designed to support no less than 125 pounds per linear foot, over a 6 foot span, multi-span condition. Bleachers shall be designed to resist, with or without live load, horizontal wind load of 30 pounds per square foot of gross vertical projection. They shall be designed to resist, in addition to the live load, sway forces applied to the seats, in a direction parallel to the direction of the seat plank, 24 pounds per linear foot of seat plank, and separately, in a direction perpendicular to the direction of seats, 10 pounds per linear foot of seat plank.

Kay's Vertical Bar Guard Rails (V4) 4" Spaced

Kay Park's Vertical Bar Guard Rails (Patented #404-141) were introduced to the outdoor portable bleacher industry, an innovation whose time has come. Vertical galvanized steel bars eliminate the "ladder effect" and a possible toe - hold for climbing on the guardrails. The possibility of accidents and serious injury and liability can be reduced by using vertical bar railing. This is part of Kay Park's continuing effort to make good products even better since 1954. We urge you to plan your purchases on the side of safety. Please note that Kay Park's 3 & 4 Row Low Rise Bleachers are EXEMPT from current guard rail rules because they are less than 30" high. Model numbers with '**V4**' include Vertical Bar Guard Rails.

Full Width Footboards (F4)

Many of the various recent codes for outdoor bleacher seating require any opening more than 30" above the ground be small enough so that a 4" sphere cannot pass through. Kay Park has designed a system using two footboards and one riser plank. This system fills the space underneath the seats from the 4th row up to meet the 4" sphere guideline. Double footboards add a lot of comfort and peace of mind to the spectators. Model numbers with '**F4**' include the double footboards and riser planks.

NEW! Extruded riser provides even more strength and easier aisle assembly!

Wheelchair Cut Outs

Check with your local code to see if they require wheelchair cut outs. The double wheelchair space allows for two wheelchairs and a companion to sit directly beside each wheelchair. Add '**DWCS**' to the model number.

Custom Bleacher Wrap

Add custom wrap to your new bleachers for the finished look or add to older bleachers to add school spirit.

- Custom Design (Logo)
- Up to 60" Wide Panels Sections
- Direct Print to Mesh
- Full Color Bleed
- Grommets for Easy Assembly

BLA Series Aluminum Angle Frame

Aluminum frames fabricated from a combination of 2" x 2" x 3/16" 6061-T6 alloy aluminum angles and channel using a punched and bolted type construction for maximum strength and safety. All main frame components are pre-assembled with large 1/2" diameter bolts, lock washers and nuts. This bolted aluminum frame provides strong joints that will not develop weld cracks. Model number with a '**BLA**' are aluminum frames.

BLG Series Galvanized Steel Frame

Steel frames are fabricated from A36 alloy steel angles using full welds at all joints to give added strength. A combination of 2" x 2" x 3/16" and 1 3/4" x 1 3/4" x 3/16" angles are used, as required, for strength throughout each frame. Connecting "X" braces are 1 1/2" wide by 1/4" thick A36 alloy steel. For greatest protection and longest life, all parts are hot-dip galvanized after fabrication. Model numbers with a '**BLG**' are galvanized steel frames.

Aisles & Handrails

Your local code may require one or more aisles and handrails. We do custom bleachers but some typical aisles are a 48" wide center aisle with handrail or a 36" wide aisle for an end aisle. Aisles require double footboards and risers and meet 4" opening guidelines. Heavy duty non-slip step up indicator tape is placed on each step for safety. Model numbers with '**48AHR**' include a 48" wide center aisle with handrail. Model numbers with '**36A**' include a 36" end aisle. Contact a sales rep for pricing.

Bleacher Plank Specifications

Aluminum: Seat planks 6063-T6 extruded aluminum which is clear anodized to standard 204-R1 specification. Standard 8" rise per row uses 2" x 10" seats and low rise 6" rise uses 2" x 12" seats. Walk boards are 2" x 10" 6063-T6 extruded mill finish aluminum. End caps (anodized) and hold down clips are also extruded aluminum. Powder coated colors also available. Call for Details. Model numbers with a "Row#A" row number followed by an '**A**' are aluminum planks. Fully enclosed decking also available.

Better Bleacher Seat

- Transforms Your Bench Seating Into a Comfortable Stadium Style Chair
- Clamps Directly to the Bench, Allowing Permanent or Temporary Installation
- Automatic Tip-Down Back Rest (Our Safety Must-Have)
- Manufactured for Your Code-Compliance for Both Indoor or Outdoor
- Superior Manufacturing Quality and Durability
- Tired of Renting? Purchase Outright or Over Time
- No More Wet Seats
- Installation is Quick and Easy
- Improve a Row, a Section or Your Complete Facility
- Gray, Royal Blue, Navy Blue, and Black

BBSSEAT Seat 17.82" W x 11.97" D, Total Depth 14.3" 8 Lbs

Elevated Bleachers

Kay Park's Elevated Bleachers are made to the same high standards and have the same superior features as our non-elevated bleachers. They are backed by our 60 plus years of expertise in building commercial outdoor recreation products. They are safety-equipped with vertical bar guardrails (V4)(patent #404-141) and double width footboards with risers beneath the seats (F4), our elevated bleachers meet the 4" sphere guideline in recent building codes. Standard sizes are 5, 8, 10 and 15 rows and come in many different lengths, and seating capacities. Our bleacher specialist can help you determine placement of entrance stairs, wheelchair ramps, wheelchair spaces and aisles ways to best suit your space, needs and code requirement.

Standard Elevated Sizes:
5, 8, 10 & 15 Rows

***Available in many different

Jiffy Movers and Tip & Rolls

Jiffy Movers

Kay Park's Jiffy Mover "crank-up" unit is fast and easy to use. Wheels and tongue stay right with each bleacher so one person can move your bleachers easily. With today's code-compliant bleachers, they are much heavier than they used to be. With worker injuries always being a concern, we need to look for easier and safer ways to do things. The Jiffy Mover system does just that, since there is no need to wrestle with inserting axle shafts and tongue into sleeves.

Designed for transporting 5, 8, and 10 row, 15, 21, and 27 foot long bleachers. Top recommended speed is 5 MPH.

Complete Systems - (Permanently stays w/ bleacher.)		
JIF51521	5 Row, 15' & 21' long-complete system	291 Lbs
JIF527	5 Row, 27' long-complete system	395 Lbs

Complete Systems - (Permanently stays w/ bleacher.)		
JIF815	8 Row, 15' long-complete system	525 Lbs
JIF821	8 Row, 21' long-complete system	582 Lbs
JIF827	8 Row, 27' long-complete system	642 Lbs

Complete Systems - (Permanently stays w/ bleacher.)		
JIF1015	10 Row, 15' long-complete system	665 Lbs
JIF1021	10 Row, 21' long-complete system	722 Lbs
JIF1027	10 Row, 27' long-complete system	777 Lbs

Tip & Roll System

Kay Park Tip & Roll Bleachers are particularly suitable for your indoor seating that must be moved from one activity to another. Non-marring sills prevent scuffing of floors. Their special length rear extension and clearance above the floor makes tipping either aluminum or galvanized frames in 3, 4, & 5 row models, without railing. Tipping will be easiest with aluminum frames. The set of four 5" casters set contains 2 casters with brakes.

NOT available on 8 & 10 row bleachers

Semi-Trailer type stabilizing jacks, 35,000 Lbs each. 4 jacks on 30' Speedy and 6 jacks on 40' & 45' Speedy. Operate from a standing position. Pat. No. 6,499,258

All Jacks are operated from the back side of the SPEEDY BLEACHER while you are in a full-upright standing position. (No stooping or squatting to operate numerous small jacks.) On 9 and 10 row units.

ADA wheelchair spaces! Includes required companion seats.

**Adding an aisle
10 row deducts 27 seats
9 row deducts 24**

A Central Aisle & Sturdy Hand Rail are Good Safety Options. Come standard on 7 and 8 row units.

The Folding Goose Neck Hitch can be added to any speedy bleacher quickly to make tight parking easier and improving the drive in windy environments and long distances. Once you set up the bleachers, the hitch folds flat to get out of way of patrons.

Pedal Boats

Kay Park Pedal Boats

Pedal boats by Kay Park Recreation are the best commercial-duty fiberglass pedal boats on the market. These pedal boats feature foam-filled pontoons, re-greasable bearings, and are self-draining, making them a trouble-free pedal boat choice for rental operations in public parks, camps and resorts.

Virtually Maintenance-Free

"We've been buying Kay Park Pedal Cruisers for years. We've tried other pedal boats in the past, but we got tired of pulling them out to drain and repair them. Our Kay Park Pedal Cruisers stay in the water all season without giving us any trouble. We don't buy anything else!"

The Difference is Kay's

-Aluminum Grab Rails

Placed around rear deck! (Hand rails available for sides)

- Marine-Grade Chromed Handles

Available on each side for convenience!

- Resilient Vinyl Mouldings

Secured around the perimeter to help absorb shocks!

- Four Regreasable Bronze Bearings

(This cuts downtime and lost profit!)

- Built-in Non-skid Surface

Only available on PCIV rear deck! (NOT stick-on strips)

-Proven reliability - Safety Engineered

Easy Steering

Handy wheel location, steers in direction you turn wheel. New, more responsive rudder design.

Direct Drive

The direct drive feature and four convenient grease fittings minimize downtime and maintenance cost. Disc paddle wheel made for easier pedaling, greater thrust.

Self Draining

Never have to drain these boats! Any water that gets in automatically drains back into the lake. No drain plugs needed.

From Our Doors to Yours

At Kay Park, we ensure your Pedal Boats are delivered with care and precision and transported directly from our facilities to your location using our custom-built carrier trailers. These specialized trailers are uniquely designed to meet the demands of pedal boat delivery, accommodating up to 20 fully assembled boats in a single load. Whether ordering a few pedal boats or an entire shipment of 20, our trailers guarantee secure, efficient transportation, so your pedal boats arrive in excellent condition and ready to enjoy.

Seamless Delivery Experience

Our direct delivery method is reliable and cost-effective. Unlike crating and shipping through less-than-truckload (LTL) carriers, our approach minimizes packaging and handling expenses. Using our custom-built trailers eliminates the added costs and delays often associated with third-party shipping. This method also significantly reduces the risk of damage, as the boats are securely loaded and transported together, avoiding the multiple transfers typical of conventional shipping.

Protecting your Product

For smaller orders, we group shipments heading in the same direction to create efficient delivery routes, helping to lower overall costs while maintaining dependable service. We keep you informed every step of the way. Before your order leaves our plant, we'll provide an approximate delivery date. As the date approaches, our driver will contact you 24 hours in advance with a more precise arrival window. Our delivery process ensures ample time to prepare for unloading, making the entire delivery process seamless and stress-free.

Material and Color Options

Wooden Plank

Our standard wood in 2" x 10" and 2" x 4" is No. 1 Southern Yellow Pine. It is treated with the MCA -Micronized Copper Azole. This pressure treatment process penetrates the woods cellular structure giving it long-lasting resistance to decay and termites. Clean, odorless, non-staining and non-irritating treatment is safe and better for the environment. NAHB Green approved.

Aluminum Plank

0663-T6 clear anodized to 204-R1, 2" x 10" OR 2" x 4" on benches. Anodized aluminum end caps. Bolts and aluminum clips furnished.

Recycled Plastic

Post consumer waste plastic in 2" x 10", 2" x 4", or 2" x 3" sizes. Will be reinforced with steel ribs or supplied with three legs to prevent sag. Color availability varies between products, so please check product page or website for details.

Our Guarantee:

Kay Park guarantees all materials and workmanship (except labor and transportation) for one year, excluding vandalism, misuse, and acts of God. Claim for defects must be filed within one year, accompanied by copy of original invoice or invoice number.

Terms and Warranty Information

Terms & Conditions:

Terms: Net 30 days from date of invoice to those with approved credit. A 1½% per month finance charge will be applied to payments not made within 60 days from invoice date. Current prices apply at time of shipment. We reserve the right to change specifications and prices without notice. Kay Park Recreation also accepts Visa, MasterCard, and Discover credit cards. Please note that on credit card orders, the credit card will be charged at the time of shipment.

Prices: All prices F.O.B. Factory and most products are shipped knocked down (they will require some assembly), unless quoted otherwise. While we make every effort to keep cost under control, at times market forces beyond our control can result in pricing changes. Therefore we must reserve the right to change pricing without notice.

Cancellations: Due to the possibility that expenses associated with an order may have already been incurred Kay Park Recreation must approve all cancellations of orders. Cancellation fees may apply.

Returns: Returns can be made only with the consent of Kay Park Recreation. Return fees and freight charges may apply.

Freight Charges: Are determined by the carrier. Kay Park Recreation can prepay and add to invoice. Most items are shipped knocked down to reduce freight costs. Typically some assembly may be required. Please see "Delivery" statement below.

Shipments: Made the way considered the most economical and practical unless specified routing instructions are given on the order, in which case we will do our best to follow routing guides. Shipments are also governed by ICC Regulations.

Delay in Transit: Kay Park Recreation is not responsible for delays in transit and such delays do not alter our invoicing terms. If your order does not reach you within a reasonable time after being advised the order has shipped, Kay Park Recreation will track the shipment immediately upon request.

Loss or Damage in Transit: Kay Park Recreation is released of all responsibility for loss or damage in transit by the bill of lading, which is our receipt from the carrier that the shipment was complete and in good condition. This bill of lading is forwarded to you at the time of shipment and should be checked carefully with the shipment when received by the consignee. Any shortage or damage must be noted and signed for by the delivering carrier.

Delivery: Items shipped by common carrier will be delivered curbside at the address specified on the order. The carrier is not responsible for unloading. Your location must be accessible to a large freight truck. Residential delivery, lift gate service, and call-ahead delivery are available at an additional charge and must be specified at the time of the order.

Specifications: Kay Park Recreation has a policy of continuous improvement and reserves the right to discontinue or change specifications without notice.

Weights: All weights are approximate.

Warranty:

Kay Park-Recreation Corp. has a limited warranty on its products to be free from defects in materials and workmanship, (except labor and transportation,) in the following terms and exceptions.

These terms EXCLUDE vandalism, misuse, improper assembly or installation, normal appearance due to weathering, or marring caused by normal use; and acts of God.

1 YEAR: Applies to all paint, powder coat, gelcoat; and wood components of products.

2 YEARS: Applies to all concrete products.

5 YEARS: Applies to structural integrity of all grills, benches, receptacles, bike racks, picnic tables, bleachers, pedal boats, Speedy Bleachers and Stages.

5 YEARS: Applies to Thermoplastic and Vinyl Plastisol coatings; and recycled plastic lumber.

20 YEARS: Applies to hot dip galvanized welded J style table frames

(NOTE: Electronic components used in our products, such as batteries, will have the original manufacturer's warranty on those components.)

Leasing and Financing:

Leasing and Financing options are available for Kay Park's Speedy Bleacher Systems. To get information or inquire about rates and timeframe quotes, please call our offices to discuss options with a sales representative. Financing agreements move through TrioCapital and may require additional approval.

Michael J. Krantz

CEO, Adventureland Resort

"Kay Park Rec has been Adventureland Resort's go to supplier for a wide variety of products for decades. Their high quality and right priced lines for any project are only matched by an extremely friendly and knowledgeable staff. Adventureland is proud to consider Kay Park Rec a partner in providing our guests a great experience."

Andy Pritkin

Liberty Lake Day Camp

"After years of using cheaper, more popular models that consistently broke and required replacement parts, we bit the bullet and got a fleet of Kay's 4 seat pedal boats. It has been the best investment we've made at our waterfront, ever. The Kay Pedal boats are indestructible floating army tanks of fun, and they even look good!"

Mark Danner

Facilities Management Director, Jefferson County Fair

"Our Facilities are booked back to back almost constantly with varying seating needs. In the past, we have had to transport several small sets of bleachers back and forth, which resulted in precious staff time being lost. The two sets of 180 seat portable Speedy Bleachers have given us flexibility and time to provide a much higher level of service to our customers and has decreased staff time significantly, let alone provides for a much safer process to provide additional seating. What a great product!"

4.3 Star Rating

Google reviews

"The sales and customer service team at KayPark are wonderful to work with. We've been working with them for years and every interaction has been extremely pleasant. Could not recommend them enough to anyone in the market for recreational products."

"I had a great experience with KayPark. The delivery was fast, and the staff were both attentive and friendly, making the entire process smooth. They offer a huge selection of products, catering to various needs. Overall, their excellent service and nice people make them a standout choice."
